1. As a project manager, what questions can you ask your Agile team to ensure they "run it right"? Select all that apply. **0.8 / 1 point**

   ☐ How can the product reach more users?

   ☑ How will a user get support?
   > ✓ Correct

   ☑ How will users get updates and new features?
   > ✓ Correct
   > Try reviewing the video on value-driven delivery ↗.

   ☐ What long-term value will this product give users?
   > You didn't select all the correct answers

2. What is the purpose of the product roadmap in a value roadmap? Select all that apply. **0.8 / 1 point**

   ☑ It outlines a tentative schedule for reaching milestones.
   > ✓ Correct

   ☐ It identifies the end users of the product.

   ☑ It provides a high-level view of requirements.
   > ✓ Correct

   ☑ It defines how the product will support customers' business strategies.
   > ✗ **This should not be selected**
   > Try reviewing the video on the roadmap to value ↗.

3. Fill in the blank: The product vision defines what the product is, who uses it, and how it supports the customer's _____. **1 / 1 point**

   ○ financial gains
   ○ release plan
   ● business strategy
   ○ professional reputation
   > ✓ Correct

4. Which of the following are product roadmap best practices? Select all that apply. **1 / 1 point**

   ☑ Indicate highest priority and highest value items.
   > ✓ Correct

   ☐ Fine-tune delivery dates for accuracy well in advance.

   ☑ Make the roadmap highly noticeable to the team and refer to it frequently.
   > ✓ Correct

   ☑ Make the roadmap highly visible to stakeholders.
   > ✓ Correct

5. Imagine you are a project manager for a software company. Your team plans to develop a new learning management system (LMS) for a local school district by the end of the quarter. Which of the following factors can potentially push back your release plan date? Select all that apply. **1 / 1 point**

   ☑ Your team realizes an epic will take more time to complete than anticipated.
   > ✓ Correct

   ☐ The school district increases the project budget and provides additional resources.

   ☑ A member of your development team leaves to take a new job.
   > ✓ Correct

   ☑ The Product Owner expands the project to include two additional school districts.
   > ✓ Correct

6. Imagine you are a project manager leading Agile adoption at an organization. Why is it important that you find an executive sponsor to support the change? Select all that apply. **1 / 1 point**

   ☐ It helps to answer your team's questions about what's working and what's not working right now.

   ☐ It guarantees an increase in the project's budget.

   ☑ It helps to create a sense of ownership for the change you are creating.
   > ✓ Correct

   ☑ It increases your chances of successfully shifting organizational culture.
   > ✓ Correct

7. You are a project manager for a company that is changing their feedback reporting process. To facilitate this change, you create a form for each team member to fill out every week. You send out a reminder email two days before the form is due. Which of the six sources of influence does this scenario demonstrate? **1 / 1 point**

   ○ Personal ability
   ○ Social motivation
   ○ Personal motivation
   ● Structural ability
   > ✓ Correct

8. Imagine you are a project manager for a mobile game that is experiencing significant technical issues. While working on the update, your team members appear unhappy and arrive at work late. What can you do to boost morale and improve the quality of deliverables? Select all that apply. **0.8 / 1 point**

   ☑ Run a team brainstorm session to identify areas for improvement
   > ✓ Correct

   ☐ Push back the next release date to give the team more time

   ☑ Change up the workflows by pairing people to work together on hard tasks
   > ✓ Correct

   ☐ Take a training class on team dynamics and how to better work together
   > You didn't select all the correct answers

9. As the Product Owner, you have promised that the new software will be ready in six months even though you are not confident that it will be. What cause of an unstable roadmap does this describe? **1 / 1 point**

   ○ Product assumptions
   ○ Product ability
   ● Product ambition
   ○ Product vision
   > ✓ Correct

10. Fill in the blank: Core values of the Scaled Agile Framework(SAFe) are alignment and _____. **1 / 1 point**

   ○ acceptance
   ● transparency
   ○ quantity
   ○ frugality
   > ✓ Correct
